Dear Sir:

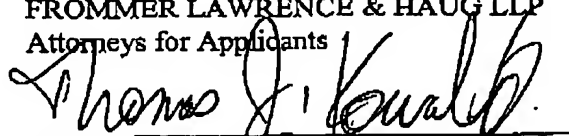

This is regarding the Declaration under 37 C.F.R. 1.132 by Dr. Brian Champion ("the Declaration"), which was filed via hand delivery on August 26, 2002. It has come to the attention of the undersigned that there was a clerical error in the Declaration, and this Communication is submitted in an effort to have the record reflect the correct information.

On page 3 of the Declaration, in the section entitled "Study 3. Truncated Notch ligands show activity provided they comprise a DSL domain", the GenBank Accession No. for human Jagged-1 cDNA is listed as U61276. The correct GenBank Accession No. is U73936. This is a formality, and has no bearing on the accuracy of the data presented in Study 3.

Respectfully submitted,
